central peninsula hospital offers patients access to their personal health information through MyChart.

Ask the front desk for information on how to sign up for MyChart today!

Application Programming Interface (API) Information for Caregivers:

Patients may download an app of their choice that connects to Epic via MyChart to retrieve their health information.

The apps that connect to MyChart are tested and approved for functionality and security by Epic Systems Corp.

Apps may gain access to MyChart for the user and/or a proxy.

The following screenshot depicts what the patient will see when connecting an app to MyChart.
