

Planetree Component *of the* Month

Human Interactions

Planetree believes that all individuals are caregivers and have the ability to influence the experience of patients and their families. Our focus is on human beings caring for other human beings. This includes providing personalized care for patients and their families as well as creating an organizational culture that supports and nurtures staff. Experiential staff retreats sensitize staff to the healthcare experience from the patient and resident perspective and better enable them to create a healing environment for each person. Healing partnerships between patients, residents, family members and caregivers are encouraged by a care model which enables patients and residents to be active participants in their health care.

January

Healing Partnerships

*The event is FREE
and all are welcome!*

walk[®] WITH a DOC

educate. exercise. empower.

Dan Keck, PA

Dr. Craig Humphreys

TOPIC

**Keeping your spine healthy,
so you can avoid surgery.**

Dr. Craig Humphreys & Dan Keck, PA
Central Peninsula Kenai Spine

This doctor-led group is a fun and safe place to go for a walk, learn about health, and meet new friends.

Future walks will be held on the 1st Wednesday of every month.

We are a local chapter of an international 501(c)3. Learn more at walkwithadoc.org
